

A module of tevixAccuPAS that calculates an accurate estimate to provide **financial clarity** for patients.

- Generates accurate estimates that includes deductibles, co-pays and co-insurance
- Complies with the No Surprises Act
- Good Faith Estimate available to patient via email or print

With the **Good Faith Estimator (GFE)**, your team will be able to select out-of-pocket responsibility based on your fee schedule.

[Send GFE via Email](#) [Print Good Faith Estimate](#)
